APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 15160 is issued subject to the terms and conditions imposed in said Permit 15160 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a parshall flume. The location of the latter to be approved by the State Engineer. If well is flowing a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030; therefore, the State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.4 cubic feet per second, but not to exceed a yearly duty of 5.0 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before October 30, 1970

Proof of commencement of work shall be filed before November 30, 1970

Work must be prosecuted with reasonable diligence and be completed on or before October 30, 1971

Proof of completion of work shall be filed before November 30, 1971

Application of water to beneficial use shall be made on or before October 30, 1973

Proof of the application of water to beneficial use shall be filed on or before November 30, 1973

Map in support of proof of beneficial use shall be filed on or before November 30, 1973

Commencement of work filed NOV 12 1970
Completion of work filed NOV 2 1971
Proof of beneficial use filed JAN 14 1974
Cultural map filed
Certificate No. 8266 Issued April 12 1974
